

BURNT MOUNTAIN

The Burnt Mountain area originates from the summit of Burnt Mountain and features much of the steepest sidecountry terrain at Sugarloaf. It is hand cut, with a mix of tight, narrow glades and wider expanses. The summit of Burnt Mountain can be accessed via the Burnt Mountain hiking trail, which begins at the terminus of the Golden Road.

EASTERN TERRITORY

The Eastern Territory represents the far eastern region of Burnt Mountain. This area was logged by a commercial harvester, and features a mix of wide open glades and logging roads. The logging roads all lead to two large log yards, which can be used as reference points.

BRACKETT BASIN®

Brackett Basin® is the first area accessed off the King Pine lift. It is hand cut, and features a mix of steep, narrow glades, wider expanses, as well as several small cliff bands. You can ski back to the King Pine or Whiffletree lifts from anywhere in Brackett Basin®.

Fuel your mountain adventures with fare from one of our slopeside eateries. Order online at dining.sugarloaf.com

SLOPE SAFETY

YOUR RESPONSIBILITY CODE

- Always stay in control. You must be able to stop or avoid people or objects.
- People ahead or downhill of you have the right-of-way. You must avoid them.
- Stop only where you are visible from above and do not restrict traffic.
- Look uphill and avoid others before starting downhill or entering a trail.
- You must prevent runaway equipment.
- Read and obey all signs, warnings and hazard markings.
- Keep off closed trails and out of closed areas.
- You must know how and be able to load, ride and unload lifts safely. If you need assistance, ask the lift attendant.
- Do not use lifts or terrain when impaired by alcohol or drugs.
- If you are involved in a collision or incident, share your contact information with each other and a ski area employee.

If you need help understanding the Code, please ask an employee.

KNOW THE CODE. IT'S YOUR RESPONSIBILITY.

Be advised that all fencing, equipment covers, poles, signage and other marking devices are in place to inform you and to indicate a potential hazard or obstacle. These markers will not protect you from injury. It is your responsibility to stay away from marked areas.

FIRST AID FACILITY

The First Aid Facility is located at the R.H. Bell Interfaith Chapel off the Birches Slope.

In case of emergency, dial Ski Patrol at

207.237.6994

SKI WITH CARE

Under Maine law, a skier assumes the risk of any injury to person or property resulting from any of the inherent dangers and risks of skiing and may not recover from any ski area operator for any injury resulting from any of the inherent dangers and risks of skiing, including, but not limited to: existing and changing weather conditions; existing and changing snow conditions, such as ice, hardpack, powder, packed powder, corn, crust and slush and cut-up, granular and machine-made snow; surface or subsurface conditions, such as dirt, grass, bare spots, rocks, stumps, trees, forest growth or other natural objects and collisions with such natural objects; lift towers, lights, signs, posts, fences, mazes or enclosures, hydrants, water or air pipes, snowmaking and snow-grooming equipment, marked or lit trail maintenance vehicles and snowmobiles, and other man-made structures or objects; variations in steepness or terrain, whether natural or as a result of slope design, snowmaking or grooming operations, including, but not limited to, freestyle terrain, jumps, roads and catwalks or other terrain modifications; the presence of and collisions with other skiers; and the failure of skiers to ski safely, in control or within their own abilities.

Skiing and snowboarding in Sugarloaf Mountain's gladed terrain requires good judgment and personal awareness. Access in and out of these glades can be challenging. The gladed regions are vast and ski patrol's ability to locate lost or injured patrons may be hindered by the scope of the terrain. All skiers and snowboarders are encouraged to enter the glades in groups of 3 or more and not travel alone. Most of this area is left in its natural state. It contains unmarked hazards including cliffs, rocks, fallen trees and avalanche hazards. Sugarloaf Mountain strictly forbids skiers and snowboarders from exiting the ski area boundaries and all signs and markers must be obeyed. Glades are for expert skiers and snowboarders only and all guests who enter these areas should be familiar with the trail map and ask questions to ski patrol before proceeding.

Do not enter this area after 3:00pm.

This Orange Oval symbol designates Freestyle Terrain such as parks and pipes. Smart Style represents Freestyle Terrain safety.
